Patient Reported Outcome Measures (PROMs) for MSK

Kanthan Theivendran

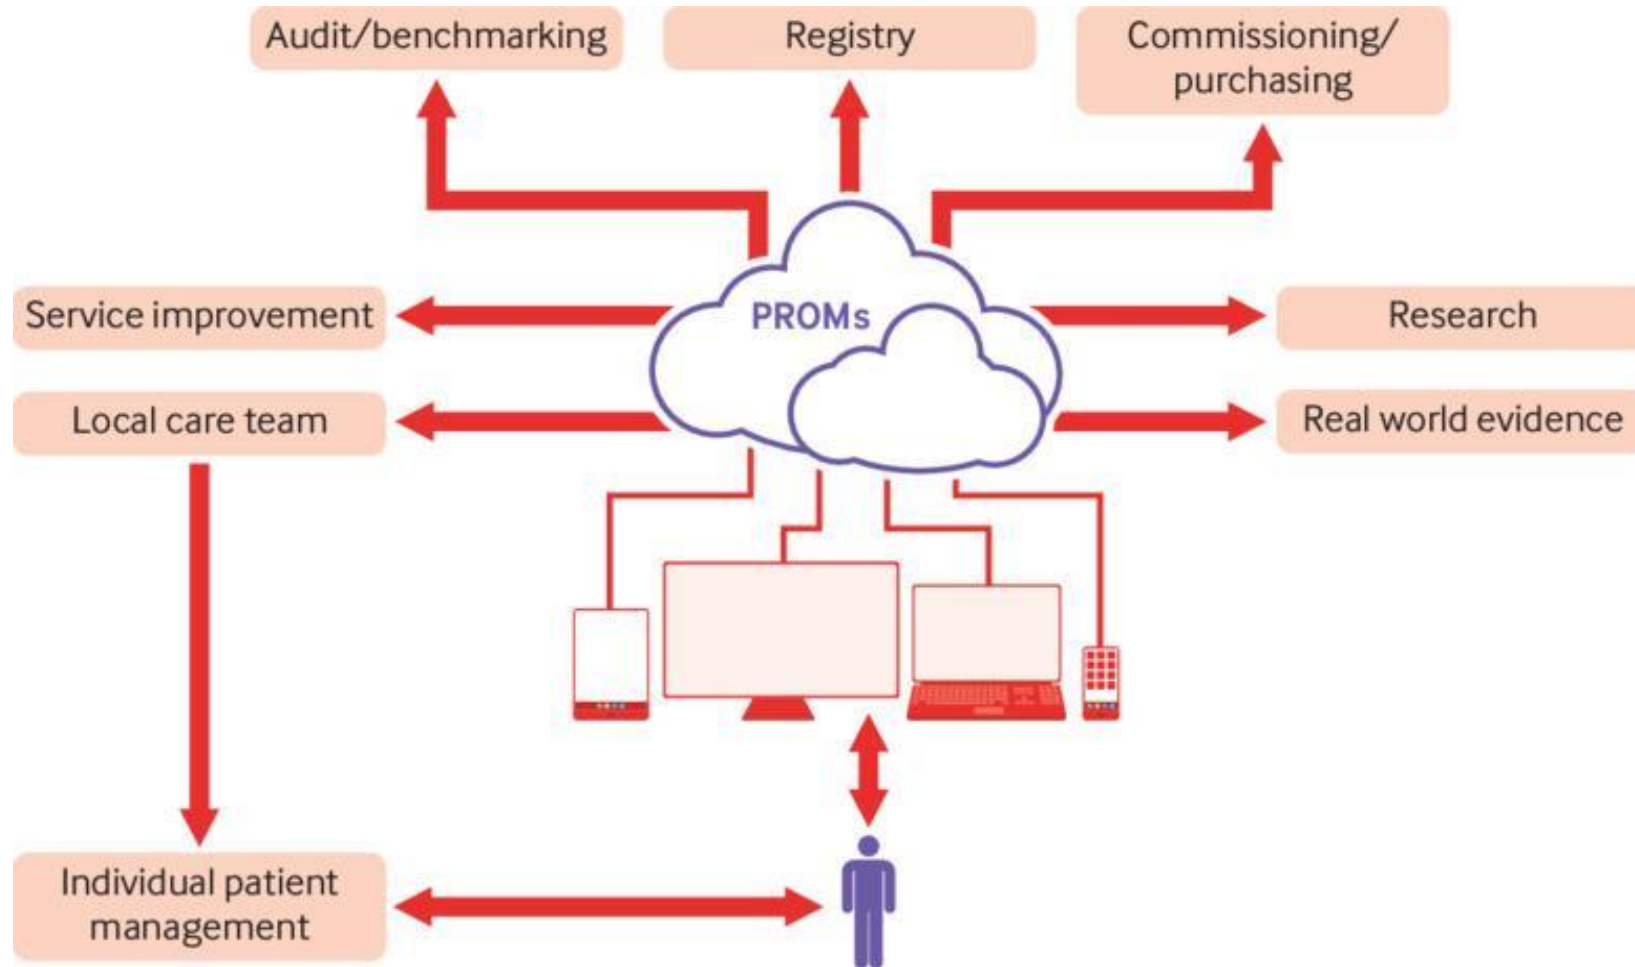

Consultant Orthopaedic Surgeon

Sandwell & West Birmingham NHS Trust

What are PROMs

- Assess the quality of care delivered to patients from the patient perspective. (NHS England)
- Patient-centred clinical care

Background

Government recommendations to the report: Independent Medicines and Medical Devices Safety review July 2021 :

- PROMS/PREMS - a common currency in healthcare
- Patient interaction recorded once and used many times linked by NHS number.

Challenges
