

Digital Inclusion

hello my name is...

Daniel Hallen

Head of Digital Technology & Digital Urgent & Emergency Care, NHSEI NW

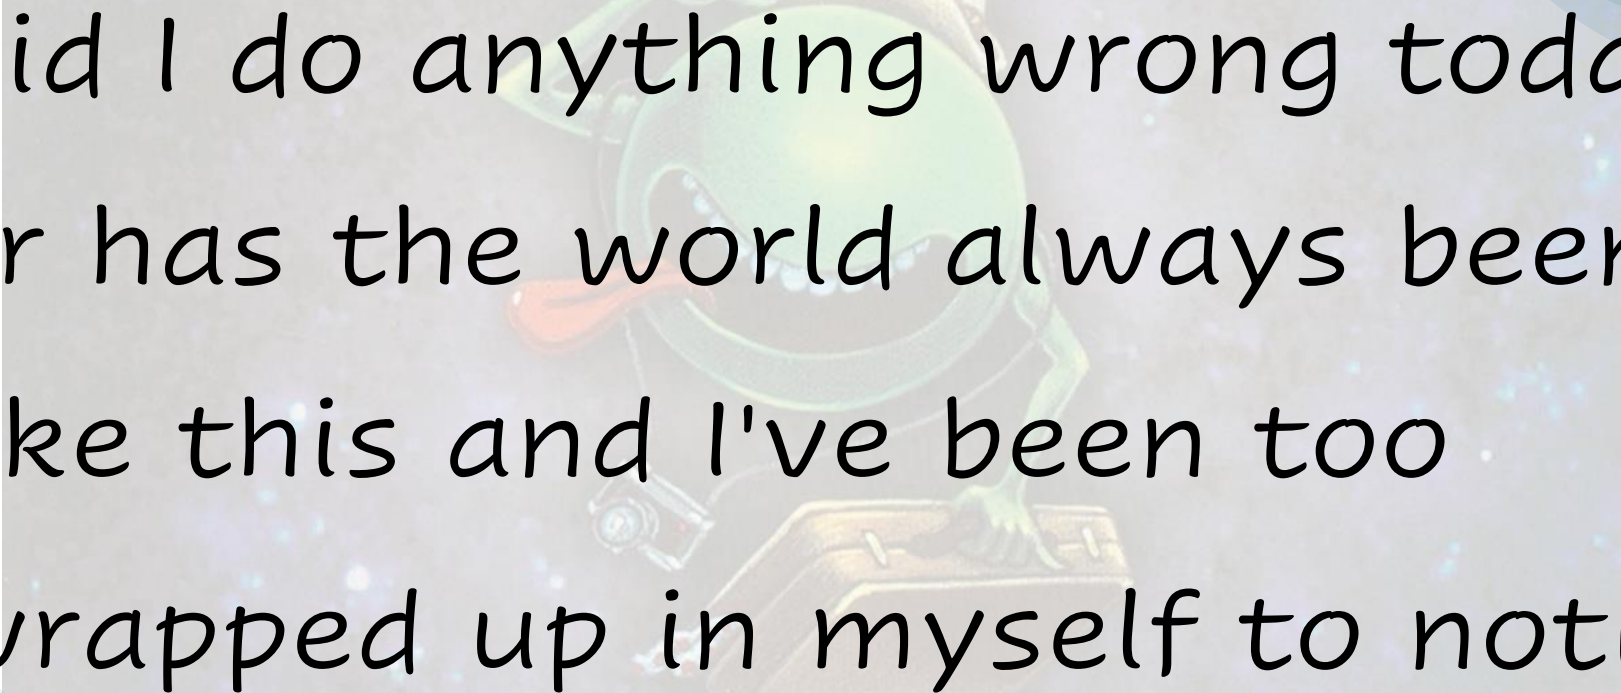

Pronouns (He/Him)

What is Digital Inclusion...?

Being able to use digital services
effectively,
with ease,
and at a time and place
that suits you

Understanding our own Bias

A green alien wearing a white space helmet and a green suit is floating in space. The alien is holding a small orange object in its right hand. In the background, there is a large, complex space station or planet with various structures and a red ring. The scene is set against a dark, starry space background.

Did I do anything wrong today,
or has the world always been
like this and I've been too
wrapped up in myself to notice?

Is Digital Inclusion Understood?

So what next....

Digital Inclusion

It's a little bit about stuff....

...And a **LOT** about people
