NHS trust board leaders:

96% rated our session good or excellent

88% said it had increased their confidence

89% said it had increased their understanding

Outcomes

The board has a shared understanding of what digital means that goes beyond IT

Risk

The board has sufficient knowledge of digital working practices to take a proportionate approach

Assurance

The board is confident about how it gains appropriate assurance on digital delivery

Advocacy

The board are ambassadors for digital change across the organisation and drive engagement

Ownership

Board take collective responsibility for the digital agenda and understand how it's integral to all portfolios.

Prioritisation

Digital is an integral part of the org strategy, with all clear on the digital vision and investment priorities

Users

The board has a relentless focus on the needs of patients, staff and service users.

Culture

Board members are empowering teams to experiment with new digital ways of working.

Improving
population health
and healthcare

Tackling unequal
outcomes and
access

Enhancing
productivity and
value for money

Helping the NHS to
support broader
social and economic
development

DIGITAL ICS

Harnessing digital to deliver system ambitions

Integrated care board

Integrated care
partnership

Programme boards

Subcommittees

ICS leadership forums

ICSs are still in transition

The Hewitt review will provide clarity on making them work

Ambition to move to the system convener role

But uncertainties remain...
