Our programmes

Accelerator overview

This 12-month programme is for digital health companies with a product or service that has high potential to meet the current challenges facing the NHS and social care today, as a result of the COVID-19 pandemic and as detailed in the NHS Long Term Plan.

How do you move into the NHS ecosystem and accelerate?

- **How** the technology will be used?
- **What** is the operational impact on the pathway?
- **Context** around the wider public view (patients/family etc)?
