## Where are we now?

---

**Race to  
Digital  
Maturity**

**6 Trusts have  
realised  
HIMSS Level  
7**

**Funding  
= / =  
Maturity**

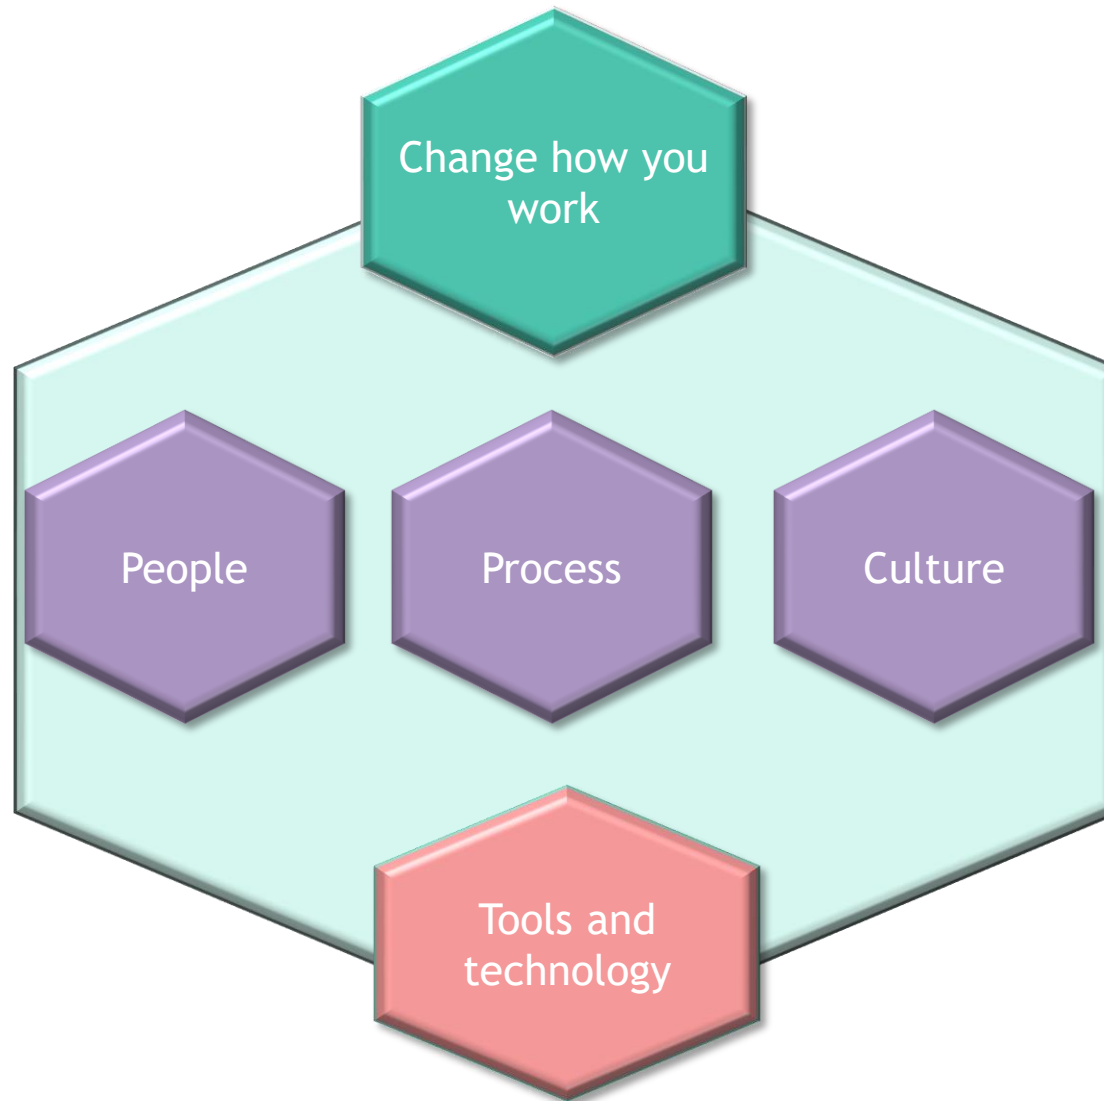

90% of Trusts live with EPR?

---

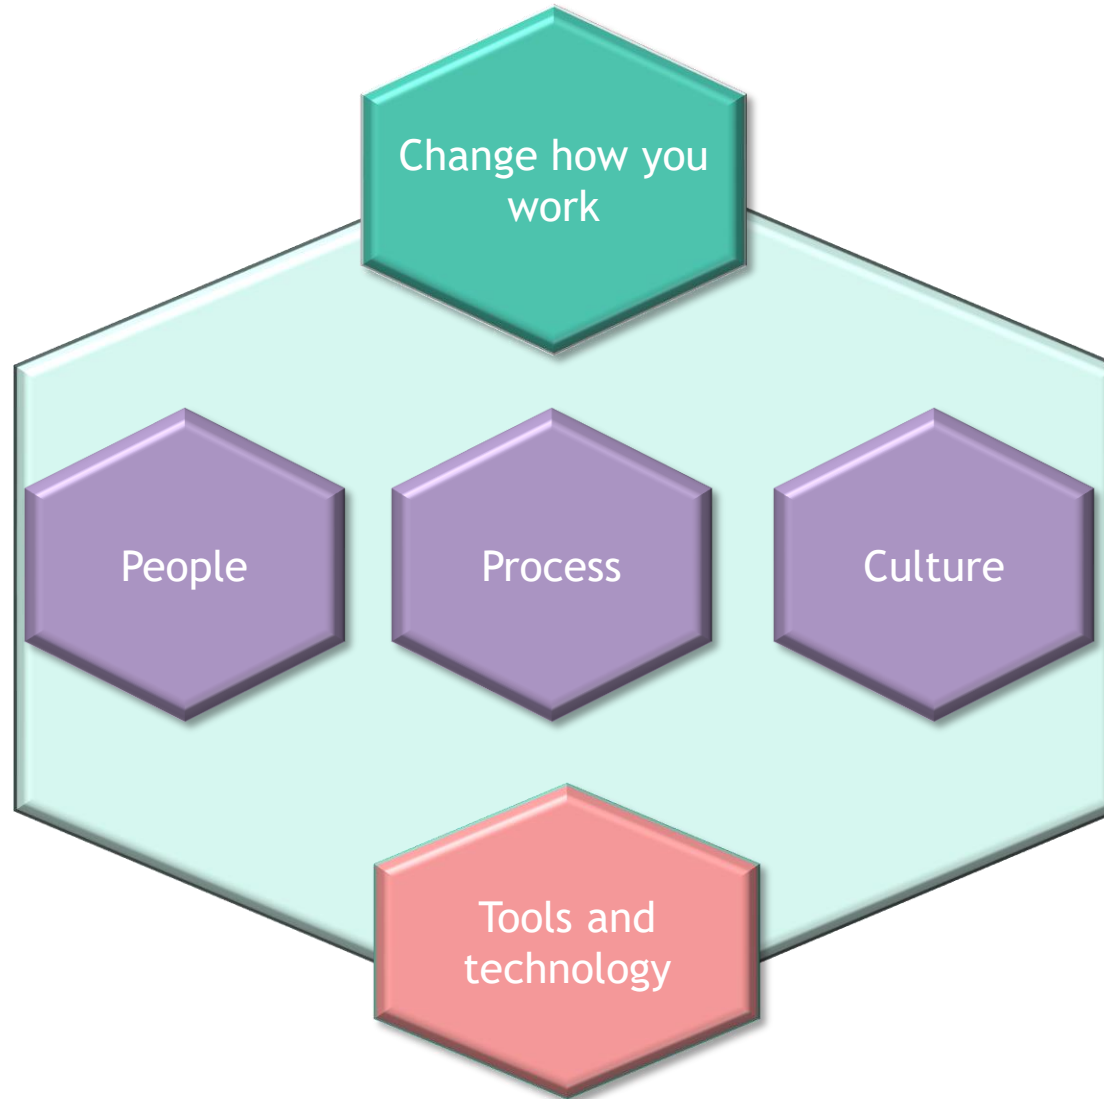

“..only 10-30% are actually using the advanced features within their EPR.”

# EPR is a Change Programme not an IT Project

# EPR is a Change Programme not an IT Project

The **top four priorities** are:

**Healthcare**

- Workforce
- Clinical excellence
- Digital/Data maturity
- Balancing budgets

**Social Care**

- Workforce
- Balancing budgets
- Effective communication
- Digital/data maturity

# Moving to Proactive, Joined Up Care

Reactive

Proactive

1. Focus on the People, Process and Culture change

2. Get the basics right to ensure performance and financial returns

3. Built with clinicians & NHS in mind

4. Enable care coordination across Health and Social Care

5. Minimize Time to Value and maximise Value for Money
