# REWIRED

BIRMINGHAM 12-13 MARCH 2024

Headline Sponsors:

## Jo Hillier

Chief Clinical Information Officer, Sussex Partnership NHSFT

---

## Francesca Owen

Programme Director, Surrey and Borders Partnership NHSFT

---

## Louise Williams

Deputy Chief Digital Information Officer, Sussex Community NHSFT

Stage Sponsor:

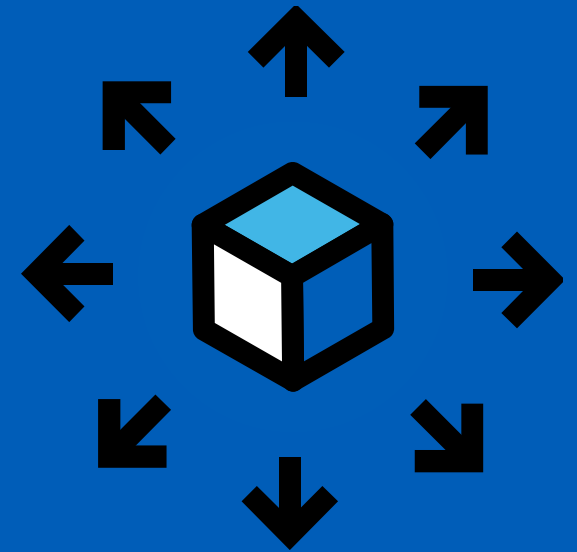

# Why collaborate?

- Sussex Community NHSFT selected as EPR Innovator
- Opportunity for new Outcome Based Specification
- The benefits:
  - Saving other trusts time
  - Clinical perspectives from other trusts
  - Sharing areas of innovation
  - Improved networks across systems and region
  - Mutual support for resourcing

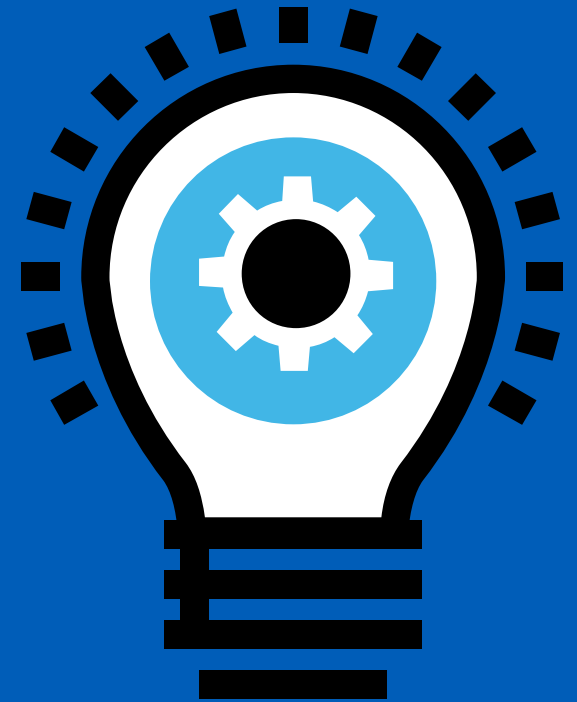

# How did it work?

- Partnership of equals, no lead provider
- Memorandum of understanding
- Testing assumptions, such as sharing of costs
- Weekly meetings, more when required
- Trusts managed logistics, but independent expertise for contract negotiation
- Collaborative ethos and accountability to each other

# What have we achieved?

- Financial savings in licensing costs
- Support for new customer from existing experienced trusts
- Opportunity to improve performance through tightened contract and shared service management
- Potential to establish supplier / customer user group for greater visibility and input into supplier roadmap prioritisation

# What does it mean for patients?

- Improved clinical outcomes as clinicians have the right data in the right place at the right time
- Only need to tell their story once
- Faster access as more efficient EPR releases more clinical time for appointments and improved outcomes reduce demand for services
- Better experience as more clinical time is released for direct care
