How did we get here?

1

Productivity

Safety and quality

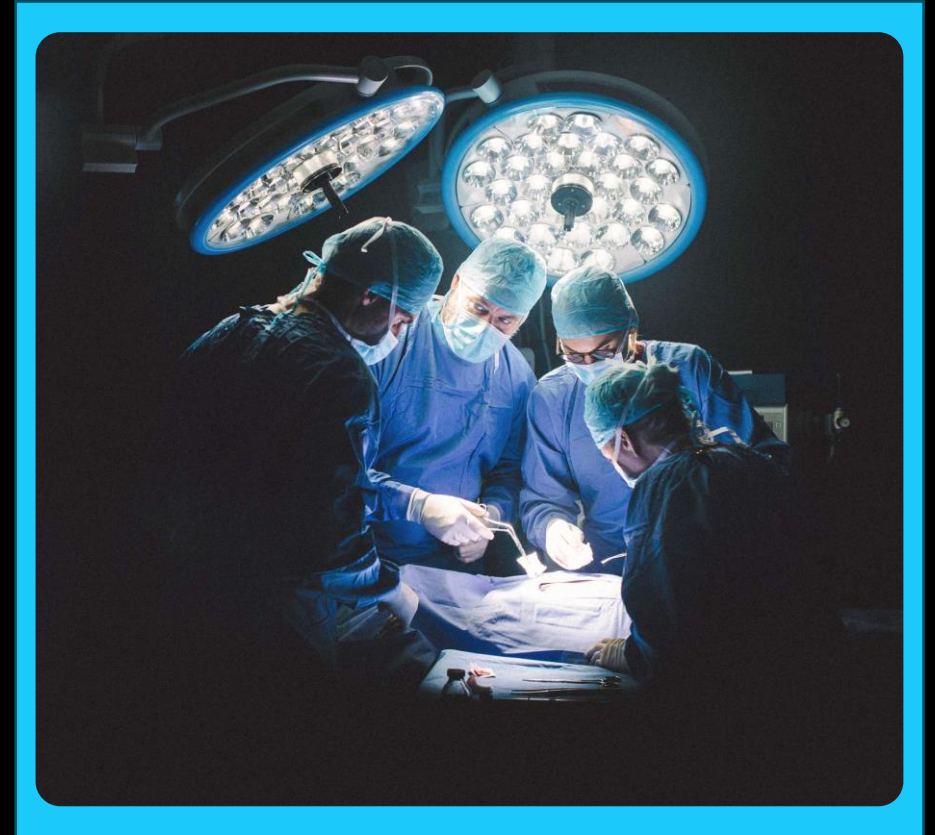

2

3

Workforce

Software First

Proximie is a platform
on a mission to digitize
the OR

We enable everything in the OR to be securely recorded, analyzed and shared, making patient safety measurable, actionable, and achievable

Live remote proctorship

Live remote preceptorship

Onboarding and training material

Live remote support

Improve productivity

OR Integration

DATA empowers the OR

EFFICIENCY drives access and growth

HOW DO YOU MEASURE OR PERFORMANCE?

Preparation variability

Preparation times

Turnover times

Breakdown times

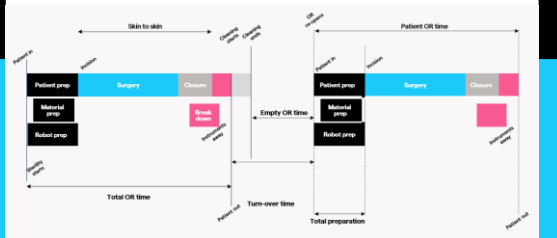

Case-mix

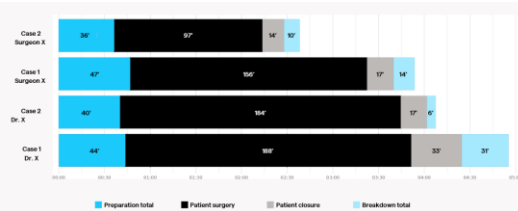

Staff

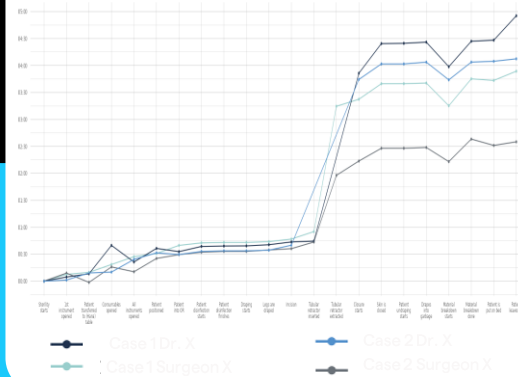

Time

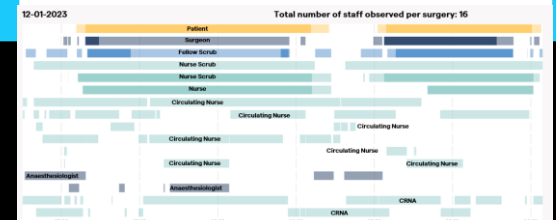

Procedure Subdivision

Data overview

Staff

Recording

The right data

At the right time

With the right analysis

With a current Hospital customer, Proximie has identified that:

1/3

of OR time has no surgery taking place in it

83%

of turnover time is inactive

21 min

range between fastest and slowest pre-prep time

59%

of the time, EPR OR metrics are not accurate

Customizable

Cloud-based

Scalable

Driving interoperability between OR tech

 Proximie

Thank you.
