Digital Worker

Started our RPA Journey in Summer 2022

5 Year 5 Virtual Worker (Bots) Package using the Blue Prism RPA Platform

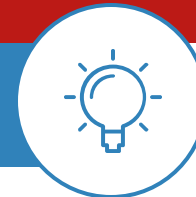

Started by Outsourcing the development for first 5 automations

In October 2023 brought in a Senior Developer and started a small RPA team

Have 8 processes live in the following areas:

Outpatients	422 hrs/month
Radiology	57 hrs/month
Validation	72 hrs/month
Cancer	200 hrs/month

Equivalent to 5+ WTE members of staff

Saving £138,000 recurrently from vacancies

Outpatients

7000 hours saved per annum

Process: e-RS Referrals into EPR

Cash Releasing

3 WTE's positions released into the Budget = £89kpa for this one process

Benefits

Improved Patient Care

Reduces Referral Backlog

Better Waitlist Management

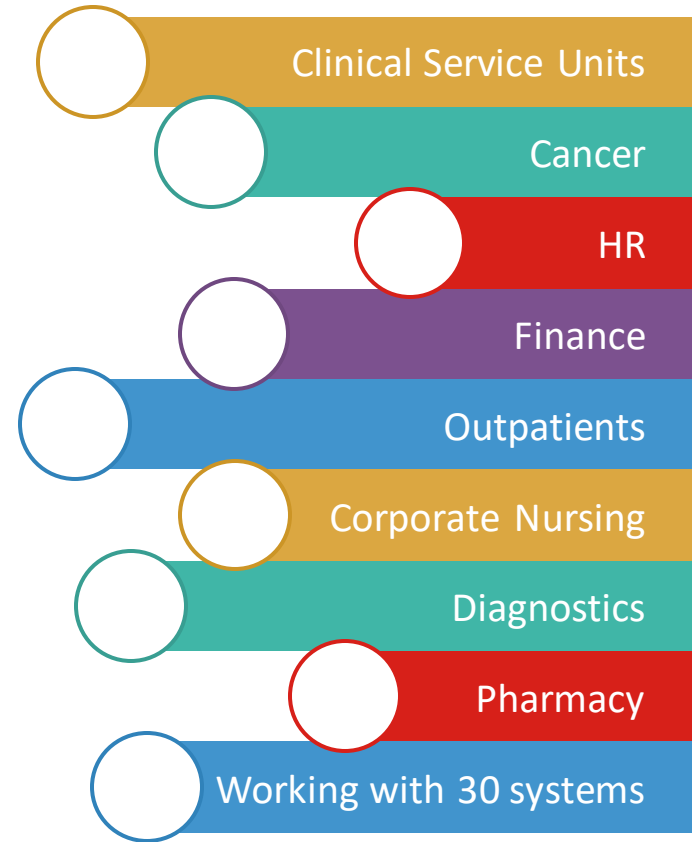

Reduced Clinical Risk

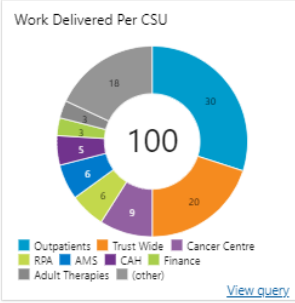

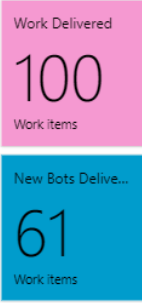

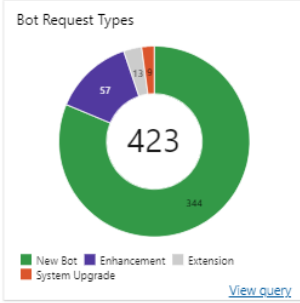

Enhanced Data Quality

Increases Treatment Capacity

Portals

WYAAT RPA Collaboration

WYAAT RPA collaboration began in 2022, initially supporting Trusts to develop efficiencies in elective and outpatients services

Knowledge Sharing

- Knowledge and best practice
- Initial setup and funding
- Relationship building

Automation Resource

- Peer support for RPA developers
- Shared JDs
- Upskilling & training of new starters

Economies of Scale

- Sharing processes across the system and nationally
- Work to standards across organisations
- Ensure financial stability for the system

Future Ambitions

- Identify process synergies across organisations
- Develop system-wide processes
- Portable resource, develop workforce pipeline
- Support business transformation
